Dear Parent/Guardian,

Enclosed are the results of your child's winter STAR Assessments. These results are only one snapshot of your child's development and growth in the areas of math and literacy. The teacher's daily observations and interactions with your child provide the most comprehensive overview of how your child is learning/developing. These computer-adaptive assessments are quick, valid and reliable, and provide instructional information to your child's teacher(s).

What are STAR assessments?

STAR Assessments include STAR Early Literacy, STAR Reading and STAR Math.

What are the questions like?

Here are some sample items for each test:

- STAR Early Literacy Enterprise Sample Items: bit.ly/starelit
- STAR Math Enterprise sample Items: bit.ly/starmth
- STAR Reading Enterprise Sample Items: bit.ly/starrdg

What does each assessment measure?

STAR Early Literacy measures skills developed for Pre-K–3 students. STAR Early Literacy tracks development in three domains:

- Word Facility and Skills
- Comprehension Strategies and Constructing Meaning
- Numbers and Operations

STAR Reading is an assessment of reading comprehension and skills for independent readers through grade 12. STAR Reading tracks development in five domains:

- Word Knowledge and Skills
- Comprehension Strategies and Constructing Meaning
- Analyzing Literary Text
- Understanding Author's Craft
- Analyzing Argument and Evaluating Text

STAR Math is an assessment of math achievement for students in grades 1–12. STAR Math tracks development in four domains:

- Numbers and Operations
- Algebra
- Geometry and Measurement
- Data Analysis, Statistics, and Probability

What kind of score does my child get?

For the STAR Reading and Math assessments, you will see a percentile rank (PR) score. The Percentile Rank score compares your child’s test performance with that of other students nationally in the same grade. For example, a PR of 50 would mean that your child’s skills in the tested area are greater than 50% of students nationally in the same grade. The PR Range indicates that, if your child had taken a STAR test numerous times, most of his/her scores would likely have fallen within this range.

For the STAR Early Literacy and STAR Math assessments, you will also see a scaled score (SS), which is based on the difficulty of the questions and the number of correct answers. Scaled scores are useful for comparing your child’s performance over time and across grades. STAR Math scaled scores range from 0–1400. STAR Early Literacy scaled scores range from 300–900.

It is important to realize that STAR assessments do NOT include any feedback on the development of the following skills and character attributes, which are equally as important to success in life:

Leadership	Responsibility	Resourcefulness	Artistry	Humor
Self-discipline	Courtesy	Altruism	Imagination	Planning
Caring	Empathy	Perspective	Honesty	Sacrifice
Integrity	Awareness	Bravery	Self-direction	Respect
Concentration	Flexibility	Curiosity	Honor	etc.

No test can adequately measure these attributes.

In the Glendale-River Hills School District we believe all of us are lifelong learners who can continue to grow and develop in all areas of life by applying effective strategies, learning from our mistakes, and continuing to make an effort even when learning is a struggle.

For more detailed information about the STAR Assessments, please go to bit.ly/starquestions

If you have any further questions about your child’s STAR results, please contact your child’s teacher.

Sincerely,

Jennica Westfahl

Dear Parkway Families,

Students and staff are working hard each day to reach their goals and achieve success in the classroom. A big reason for the daily success here at Parkway is the safe and secure learning environment students and staff enjoy each day.

Each year, in accordance with state mandated and district policies, schools throughout the district practice safety drills. This letter is to inform you that the staff and students at Parkway School will be participating in a lockdown drill on Friday, May 20th. Under the supervision of staff members, students will be asked to go to their predetermined lockdown location in the classroom. During this type of drill, students and teachers lock their classroom doors, turn off the lights, draw the blinds and stay out of sight from windows and doors until further notice. Upon completion of the drill, which will take approximately 10 minutes, students will continue their regular schedule for the remainder of the day.

Your child's safety and the safety of everyone who visits or works here at our school is our highest priority. Parkway School practices a variety of drills (fire, tornado, & lockdown) on an annual basis. Through continued communication with you and the participation by students and staff in our safety drills, we maintain a safe and secure learning environment that promotes student success.

Your child will be having an age appropriate discussion with their teacher about the lockdown procedure. You may also want to take this opportunity to have a discussion with your child about safety at home and in the neighborhood. Please feel free to contact me with any questions or concerns you may have at (414) 351-7190 or haydee.smith@glendale.k12.wi.us.

Sincerely,

Dr. Haydee Smith

Glendale-River Hills School District

Inspiration and Excellence in Teaching Award

Program Overview

Why this award?

Dr. Dan Oren, a former Glendale-River Hills student, wishes to recognize the influence of Phil Bufton and Karen Schrage, two outstanding, now-retired Glendale-River Hills teachers who have made a difference in his life. In their honor he has founded this award to encourage and support current Glendale-River Hills teachers to carry on the dedication to creatively engaging students in learning.

Who is eligible?

Nominees must

- Be a full-time member of the Glendale-River Hills teaching faculty
- Hold a current teaching license
- Have taught in the District for a minimum of three years
- Not have received this award in the past three years
- Not be a member of the Selection Committee

What is the award?

Each eligible nominee will receive a certificate in recognition of his/her nomination.

In addition, the award recipient will receive a cash award of \$400, and the award certificate.

Award recipients will be announced at the last day reception on June 10, 2022.

What are the criteria for selection?

Teachers receiving this recognition are characterized by their dedication to:

The teacher:

- Inspires student interest and develops understanding in subject areas taught
- Demonstrates resourcefulness in teaching strategies and approaches
- Fostering the development of students' intellectual, social, and emotional growth
- Challenging learners across a diverse student population to exceed their own expectations

What is the nomination process?

Nominations (*see reverse side*) must be made in writing and sent to the District Administrative Assistant office to the attention of Karin Jamel. All current students, teachers, parents and alumni may submit nominations. Emailed nominations should include a supporting statement, and a telephone number in lieu of a signature.

A selection committee will use the submitted nominations in order to determine award recipients.

NOMINATION DEADLINE: MAY 20, 2022

Camp HOPE is a weekend camp where children are brought together to work through the grieving process after a loved one dies. Fun is top priority and the kids learn that it's okay to laugh and play - and that doing so is not disrespectful to the memory of the person who died. Through the weekend of fun, sharing their pain and supporting each other, the children are shown that their emotions are a normal part of grief, they are not alone, and at Camp HOPE, their pain is understood.

YOUTH SOFTBALL LEAGUE

Our two co-ed youth leagues cover boys and girls from 1st through 4th grade. Beginners at all age levels have learned the sport quickly, gained personal confidence, and made meaningful contributions to their teams! Experienced multi-sport athletes playing spring soccer, lacrosse, fast pitch softball and even Little League have participated in two sports because of our league's low time commitment of only 1-3 hours per week, its affordability, and team roster sizes that allow for occasional conflicts.

Players are assigned to teams randomly, but we honor and encourage requests to be paired with other friends to help with car-pooling and to make it a comfortable and enjoyable experience for the kids. Teams are run by volunteer parents with a passion for teaching the game to young people. There are no rules with regard to how many boys or girls are on each team's roster or in the field of play at any given time, but efforts are made to maintain competitive integrity. Managers ensure that all players receive an ample amount of playing time regardless of ability. Games are umpired by adult recreation staff, and the season will conclude by July 31st. We will be offering two leagues, Parent Pitch (1st-2nd grade) as well as a Junior League (3rd-4th grade). The Parent Pitch league will use a "squishy" softball and have parents/coaches pitch, while the Jr League will use a 10" softball and have players pitch. In the Junior League scores and league standings are kept. Games will be played on Monday and Wednesday evenings. Depending on registration numbers, if necessary, the two leagues may be combined into a single 1st-4th grade league. In this event, rules may be adapted to fit all ages appropriately.

Please email the Program Director at caleb.franklin@nicolet.us if you have any questions.
TEAMS WILL BE FORMED BY May 1st, practices will begin May 9th, and games will begin June 1st.

CHESS SCHOLARS

Develop your child's intellect through the royal game of chess! Current research has shown a strong link between chess and academic performance in a variety of areas, including mathematics and language arts. Chess has been proven to enhance children's motivation, concentration, focus, social skills, and creativity. Each class will consist of a fun, interactive teaching period and guided practice time. Both beginner and experienced players are welcome and will learn under the guidance of an experienced Chess Scholars coach.

2022 Glendale Little League ® Tee Ball

Tee It Up - Play Ball!

The Tee Ball program is offered to kids between the ages of 4 and 6 (K4 through 1st Grade) as an introduction to Glendale Little League and to provide an early opportunity to explore and begin to learn the game of baseball. The Tee Ball program will focus on the kids' development and staying active as they learn and have fun playing. This year, each week the kids will participate in a series of fun-filled, skill-based baseball activities, and conclude with short game and/or game-like activity. Instruction will be led by the coaches and team members of the Nicolet Knights baseball program, assisted by Tee Ball player parent volunteers. Tee Ball Parent Volunteers will also coach the shorter games, so please volunteer when registering.

- Ages: K4 thru 1st Grade (as of fall 2022).
- Dates & times: The baseball activities and games occur largely on Saturday mornings on May 28; June 4, 11, 18, 25; and July 9.
- Where: Parkway Elementary School or Glendale Little League fields.
- Registration fee: \$70.
